## **“In Loving Memory Of Dr. Betty Martini”**

**Dr. Betty Martini**

**1940 - 2023**

Dear Friends of, and Fellow Followers of Dr. Betty Martini:

This is most certainly a day that I dreaded, It's with sadden and heavy heart to inform everyone the Doctor Betty Martini went to sleep in death on Tuesday, February 14, 2023. Dr. Betty Martini had a lot of health issues that had especially got worse over the past year. Just a few weeks ago she had undergone surgery for a heart valve replacement. That helped her some to deal with her other health issues. I was informed from a close friend of Betty's in Georgia that she had some sort of procedure done at the hospital just two

or three days before she died. Her son got her home, and Tuesday morning when he went to check on her, she had already died.

There was hardly any day that past that we did not communicate with each other. I had tried to get in contact with her for six days by email, leaving messages on her answering machine, and even leaving messages, text messages, and emails for her son with no results. That is until today, Sunday February 19, 2023.

For the past 33 years Betty was known nationally and internationally as a strong advocate against the sweetener “aspartame.” Through Betty’s, research, and connections with nationally known doctors and scientist, she became an expert on the subject. Betty even appeared before US Congress presenting the facts of how “aspartame”, a neurotoxin, was a contributor to MS, and causes cancer. She wanted “aspartame” band, but that went in one ear and out the other because of close ties between congressional members and corporations who fund members of congress through their lobbying to look the other way. Especially those with close ties to Donald Rumsfeld.

Betty has been a regular on many internet talk shows with doctors, scientist and other researcher on major health issues caused by the controllers of our health, pharmaceuticals and foods, adulterating them with GMO’s and other toxins. She also appeared in the documentary “Sweet Misery” a few years ago.

Many people's health and lives here and abroad were saved through Betty’s spreading and educating individual and governments to the dangers of aspartame and other neurotoxins. Numerous of those got off those toxins and lived more healthful and longer lives.

Betty was pretty much noted as the world expert on artificial sweeteners. On that subject she has also over the years traveled by invitation to other countries to speak on the dangers of artificial sweeteners. Revealing how these toxic ingredients are being not only added to foods, but drugs, IV’S, and even vaccines causing disabilities and eventual death.

For the past three years I've been working with Betty as her Investigative Medical Researcher. I've known Betty and Don for many years before that. I have been volunteering by time freely supporting Betty and her work with my research during the global, so-called COVID pandemic, and the COVID-19

shots for which Pfizer's patent says, is a bioweapon. What doctors and scientist have also come to that conclusion world-wide after studying the way of microscopy analysis of the ingredients of the self-replicating spike protein, graphene, nanotubes, nanofibers, and other ingredients doing their pre-programmed work internally they were designed to do. Betty and I worked together to inform and educate victims to artificial sweeteners and weaponized shots disguised as vaccines, and the accelerating deadly danger of the 5G microwave radiation being used as a multiple weapon even in WIFI.

Dr. Betty Martini, like me, devoted our time in research to get this information out because of our love and compassion for humanity. Betty also, like her husband Don, and myself and my wife, even have gone farther than this over the years as even showing greater concern and love for humanity. We have done so by offering hope through the scriptures of the Bible of comforting words concerning all the evil on planet earth that will soon be brought to an end in these last few minutes of the prophesied last days for our generation at Matthew chapter 24. A time for which Divine intervention by the true God whose name is Jehovah will order his son, Christ Jesus and his 144,000 heavenly associates that were chosen during Jesus' life on earth down till today, to execute judgement on this wicked world, to rid the earth of all wicked governments and humanity in the real Biblical Armageddon; God's and Jesus' war. (Daniel 2:44)

Betty, like my wife who went to sleep in death 6 months before Betty's death believed in God's promise for our future the word's HE inspired David to write in at Psalm 37:9-11 & 39: *"For evil men will be done away with, But those hoping in Jehovah will possess the earth. Just a little while longer, and the wicked will be no more; You will look at where they were, And they will not be there. But the meek will possess the earth, And they will find exquisite delight in the abundance of peace."* *"The righteous will possess the earth, And they will live forever on it."*

Betty also knew before her death, that if she died, like her deceased husband Don, that she, dying faithful, her name is written in Jehovah God's book of remembrance and everlasting life, that they will both be resurrected on earth back to life like what they were when matured at around thirty, never growing old. Now perfect healthy bodies when Jesus starts the great resurrection of humanity as he foretold at John 5:25-29: *"Most truly I say to you, the hour is coming, and it is now, when **the dead will hear the voice of the Son of***

**God, and those who have paid attention will live. For just as the Father has life in himself, so he has granted also to the Son to have life in himself. And he has given him authority to do judging, because he is the Son of man. Do not be amazed at this, for the hour is coming in which all those in the memorial tombs will hear his voice and come out, those who did good things to a resurrection of life, and those who practiced vile things to a resurrection of judgment.**”

And once Betty and Don are resurrected, another benefit they will be blessed to have is that as found at Revelation 21:3-4: *“With that I heard a loud voice from the throne say: “Look! The tent of God is with mankind, and he will reside with them, and they will be his people. And God himself will be with them. And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.”*”

What conditions on earth at that time was what Betty was able to visualize, not imagine, through the picturized description of the world then at Isaiah 35:5-10: *“At that time the eyes of the blind will be opened, And the ears of the deaf will be unstopped. At that time the lame will leap like the deer, And the tongue of the speechless will shout for joy. For waters will burst forth in the wilderness, And streams in the desert plain. The heat-parched ground will become a reedy pool, the thirsty ground springs of water. In the lairs where jackals rested, There will be green grass and reeds and papyrus. And a highway will be there, Yes, a way called the Way of Holiness. The unclean one will not travel on it. It is reserved for the one walking on the way; No one foolish will stray onto it. No lion will be there, And no vicious wild beasts will come on it. They will not be found there; Only the repurchased ones will walk there. Those redeemed by Jehovah will return and come to Zion with a joyful cry, Unending joy will crown their heads. Exultation and rejoicing will be theirs, And grief and sighing will flee away.”*”

And as even more of a foregleam of what Betty and her husband Don knew as to what some of the many good conditions were going to be like in this new, cleansed earth that added to their hope was Isaiah 65:17-25: *“For look! I am creating new heavens and a new earth; And the former things will not be called to mind, Nor will they come up into the heart. So exult and be joyful forever in what I am creating. For look! I am creating Jerusalem a cause for joy And her people a cause for exultation. And I will rejoice in Jerusalem and exult in my people; No more will there be heard in her the sound of weeping*

*or a cry of distress.” “No more will there be an infant from that place who lives but a few days, Nor an old man who fails to live out his days. For anyone who dies at a hundred will be considered a mere boy, And the sinner will be cursed, even though he is a hundred years of age. They will build houses and live in them, And they will plant vineyards and eat their fruitage. They will not build for someone else to inhabit, Nor will they plant for others to eat. For the days of my people will be like the days of a tree, And the work of their hands my chosen ones will enjoy to the full. They will not toil for nothing, Nor will they bear children for distress, Because they are the offspring made up of those blessed by Jehovah, And their descendants with them. Even before they call out, I will answer; While they are yet speaking, I will hear. The wolf and the lamb will feed together, The lion will eat straw just like the bull, And the serpent’s food will be dust. They will do no harm nor cause any ruin in all my holy mountain,” says Jehovah.”*

This is the hope that Betty and Don focused on for the future blessings from Jehovah God for their faithfulness to death as with millions of other like-minded individuals locally, nationally, and internationally on planet earth soon to be restored.

Arrangements right now have been made for her memorial services on February the 25<sup>th</sup>, at 2:00 PM Eastern Standard Time at the Christian Congregation of Jehovah’s Witnesses in Duluth, GA. I will follow up and post the address and location for personal attendance and also the ZOOM meeting address ID and Password as soon as I receive it.

On a side note, I want to follow Betty Martini’s Legacy by continuing to support [Mission Possible World Health Organization, INTL](http://www.mpwhi.com) [ <http://www.mpwhi.com> ] by continuing with my investigative medical research by way of emails I have, and by way of Betty’s emails I do not have, posting them in the archives of [Mission Possible World Health Organization, INTL](http://www.mpwhi.com) website. And I hope that other Mission Possible Representatives in other states and around the world will keep posting and stay in contact with me. And I will continue to share prophetic and comforting information of hope from the Bible for those want to read for encouragement.
